

EXPLANATION OF GALLERIES ON HOMEPAGE

There is a grid of images that relate to each gallery. For the time being, please ignore the homepage images. Going from left to right and top to bottom, there are a total of ten images that represent the “cover images” or portals to each gallery. You may argue that some of the images belong in more than gallery. I agree. The gallery choice for each image is arbitrary. Below is a list of galleries together with a discussion of characteristics.

The images in the homepage portal represent images that not been put in galleries.
